**For Love of Country** Maurizio Viroli 1995-09-14 Nationalism and patriotism are two of the most powerful forces shaping world history. Though seen by many as two sides of the same coin, they have developed widely different connotations. Nationalism is increasingly seen as destructive, and at the root of the world's bloodiest conflicts; patriotism seems something more benign, a political virtue. How are we to mark the distinction between these two phenomena? How can we rescue patriotism from the tainted grasp of nationalism? Reconstructing the historical meaning of the terms, Maurizio Viroli shows how the two concepts have been used within specific cultural and ideological contexts. He reviews the political thought of Italy, England, and Germany and shows how patriotism and nationalism have fundamentally different roots. Professor Viroli concludes that it is morally unacceptable, and indeed unnecessary, to be a nationalist to defend the values that nationalists hold dear. Patriotism, however, is a valuable source of civic responsibility. **CliffsTestPrep NYSTCE: Multi-Subject Content Specialty Test (CST)** American BookWorks Corporation 2011-11-30 Your guide to a higher score on the NYSTCE? **Annihilation of Caste** B.R. Ambedkar 2014-10-07 “What the Communist Manifesto is to the capitalist world, Annihilation of Caste is to India.” —Anand Teltumbde, author of *The Persistence of Caste* B.R. Ambedkar’s *Annihilation of Caste* is one of the most important, yet neglected, works of political writing from India. Written in 1936, it is an audacious denunciation of Hinduism and its caste system. Ambedkar – a figure like W.E.B. Du Bois – offers a scholarly critique of Hindu scriptures, scriptures that sanction a rigidly hierarchical and iniquitous social system. The world’s best-known Hindu, Mahatma Gandhi, responded publicly to the provocation. The hatchet was never buried. Arundhati Roy introduces this extensively annotated edition of *Annihilation of Caste* in “The Doctor and the Saint,” examining the persistence of caste in modern India, and how the conflict between Ambedkar and Gandhi continues to resonate. Roy takes us to the beginning of Gandhi’s political career in South Africa, where his views on race, caste and imperialism were shaped. She tracks Ambedkar’s emergence as a major political figure in the national movement, and shows how his scholarship and intelligence illuminated a political struggle beset by sectarianism and obscurantism. Roy breathes new life into Ambedkar’s anti-caste utopia, and says that without a Dalit revolution, India will continue to be hobbled by systemic inequality.

**The Unicorn’s Shadow** Ethan Mollick 2020-06-23 Bringing hard data to the way we think about entrepreneurial success, this bold call to action draws on the latest scientific evidence to dispel the most pervasive startup myths and light a path to entrepreneurship for those eclipsed by the hype. When you think of a successful entrepreneur, who comes to mind? Bill Gates? Mark Zuckerberg? Or maybe even Jesse Eisenberg, the man who played Zuckerberg in *The Social Network*? It may surprise you that most successful founders look very different from Zuckerberg or Gates. In fact, most startup origin stories are very different from the famous “unicorns” that have achieved valuations of over \$1 billion, from Facebook to Google to Uber. In *The Unicorn’s Shadow: Combating the Dangerous Myths that Hold Back Startups, Founders, and Investors*, Wharton School professor Ethan Mollick takes us to the forefront of an empirical revolution in entrepreneurship. New data and better research methods have overturned the conventional wisdom behind what a successful founder looks like, how they succeed, and how the startup ecosystem works. Among the issues he examines: Which founders are most likely to succeed? Where do the best startup ideas come from? What’s the most foolproof way of securing the funding needed to take a company to the next level? Should your sales pitch really be something out of Hollywood? What’s the best way to grow and scale your company and create a thriving culture that won’t hinder expansion? Mollick argues that entrepreneurship is too important, both for society and for the individuals who start companies, to be eclipsed by the shadows of unicorns. He shows we can democratize entrepreneurship—but only by following an evidence-based approach that puts to rest the false narratives that surround it.

of stress and trauma, and nowhere is that more apparent than in the classroom. Absenteeism, emotional distraction, passivity, and unresponsiveness are all signs of children in need. Thankfully, it turns out that the workshop classroom, with limited but essential tuning, can be just the environment students in the grip of trauma need to become comfortable in themselves and break through into active learning. In *The Mindful Writing Workshop: Teaching in the Age of Stress and Trauma*, Professor Richard Koch offers clear, comprehensive, guided lessons that help teachers gain the insight necessary to adapt their instruction of writing to incorporate restorative and healing practices—practices that can improve the quality of learning and writing for all learners. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

**Critical Questions in Persuasion Research** Franklin J. Boster 2020-09-07 *Critical Questions in Persuasion Research* presents students with a refreshing way to study persuasion, communication theory, and human behavior. Rather than examining different types of persuasion research and reviewing each one at a time, communication scholars Franklin J. Boster and Christopher J. Carpenter explore eight key controversies, as well as research and theory related to each topic: - What constitutes a strong persuasive message, and does it matter? - How do we adapt persuasive messages to diverse audiences? - Do persuasive messages have side effects? - How can we manage the buzz? - How can we maintain attitude change? - Can a persuasive message be counterproductive? - How can we encourage resistance to persuasion? - To what extent does action follow from attitudes? By focusing on how various disciplines deal with the big controversies in the persuasion process, students gain an understanding not only of key ideas and theories, but how the ideas and theories fit together in a meaningful whole. By framing persuasion as a series of critical questions, students learn that social science is a dynamic and exciting way in which to study persuasion. *Critical Questions in Persuasion Research* is an ideal textbook for courses with focus on persuasion, communication, and human behavior.
