And Bob's methods couldn't be more straightforward. Taking the guesswork out of implementing the Skinny Rules, Bob offers a month's worth of menu plans and more than 90 delicious, rule-abiding recipes for breakfast, lunch, dinner, and snacks to keep you cooking and eating skinny for life. You'll be happily astounded to see the variety and volume of the tasty food on your plate! He also includes terrific tips for what to stock in your fridge and what to prepare every weekend in order to set yourself up for success during your too-busy-to-cook weekdays. A virtual GPS to your weight-loss goals, The Skinny Rules takes the mystery out of the process, offering the fastest route to your skinny destination. LOSING WEIGHT IS NOW AS SIMPLE AS 1-2-3 . . . AND 3-15-18-20 TOO! Rule #3: Eat protein at every meal, making some kind of fish your go-to protein as often as you can. Take your weight and divide it by two—that's more or less how much protein you should be eating in grams every day. Rule #15: Eat at least ten meals a week at home (and cook them yourself). Restaurant portions are usually 40 to 50 percent bigger than what you'd serve at

home—the more you eat out, the more you overeat. Set yourself up for success by preparing my turkey meatballs, hummus, and roasted vegetables on the weekend so that you will have go-to staples and no excuses! Rule #18: Go to bed slightly hungry. Denied fuel for more than five hours, your body will start burning its own fat and sugar. Make a point not to eat after dinner and you'll be burning fat while you're sleeping. Rule #20: Enjoy a splurge meal once a week. Unlike episodic bingeing, splurge meals are an ingredient in your diet. When you plan something, you are in control.

The 17 Day Diet Dr Mike Moreno 2011-05-12 Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate-the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

The Digest Diet Liz Vaccariello 2012-09-27 The Digest Diet is a 21-day weight-loss plan based on groundbreaking science and newly discovered foods and habits that help your body to release fat. Reader’s Digest sifted through all the weight-loss science to pick the foods, recipes, and habits that truly slim you down quickly and safely. We reviewed cutting-edge nutrition advances and myth-busting articles. We discovered some new reasons fat creeps on—and reliable ways to get it to fade away quickly. The Digest Diet targets surprising fat increasers in three key areas—eating, environment and exercise—and gives you the tools you need to

turn the tables and shift your body into fat release mode. The eating plan is organized in three basic stages: Fast Release, Fade Away, and Finish Strong. Every phase loads you up on fat releasers. But the calorie and macronutrient ratios shift in each so as to maximize fat release—and results! Fast Release (12-minute exercise routine) is a four-day fat releasing jump start. The Fat-Release Workout combines both strength training and HIIT (high intensity interval training) into a 12-minute workout that's amazingly effective for fat burn and muscle growth. Fade Away transitions you into lean proteins and micronutrient-rich greens. For this 10-day stretch, you continue to have a shake a day, but the lean-and-green focus gives your body what it needs to help you release fat and build muscle, while lowering your intake of carbohydrates for faster fat fade. Finish Strong is the last week of the plan. The meals and recipes show you how to enjoy a balanced, healthy, wholefoods diet rich in fat releasers. The Digest Diet provides a list of 13 fat releasers, which include Vitamin C, Calcium, Protein and Coconut Oil, as well as an easy cheat sheet of fat releasing foods that can be eaten during the diet, such as broccoli, grapefruit, mozzarella cheese, almonds, fish, beef, red wine, dark chocolate and avocados, to name a few. Inside the Digest Diet, you will also find a 21 day meal-plan, 50 fat releasing recipes with full color photos, a 12 minute fat release workout, a fat release workout calendar, before and after success stories, "laugh it off" sidebars to help keep perspective and sanity, and a free online destination for tips, videos, shopping lists and daily food and exercise journals to help make your weight loss goals easy and achievable. www.digestediet.com To prove the 21-day eating plan truly works, we put a dozen men and women on the diet—and their results will astound and inspire you. salad bar, but you can't make him choose lettuce. Enter Serena Wolf—chef, food blogger, and caretaker of a dude with some less than ideal eating habits. As a labor of love, Serena began creating healthier versions of her boyfriend's favorite foods and posting them on her blog, where she received an overwhelming response from men and women alike. Now, in The Dude Diet, Serena shares more than 125 droolworthy recipes that prove that meals made with nutrient-dense whole foods can elicit the same excitement and satisfaction associated with pizza or Chinese take-out. The Dude Diet also demystifies the basics of nutrition, empowering men to make better decisions whether they're eating out or cooking at home. Better still, each recipe is 100% idiot-proof and requires only easily accessible ingredients and tools. outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types.
