Inside the Investments of Warren Buffett Yefei Lu 2016-08-09 Since the 1950s, Warren Buffett and his partners have backed some of the twentieth century's most profitable, trendsetting companies. But how did they know they were making the right investments? What did Buffet and his partners look for in an up-and-coming company, and how can others replicate their approach? A gift to Buffett followers who have long sought a pattern to the investor's success, Inside the Investments of Warren Buffett presents the most detailed analysis to date of Buffett's long-term investment portfolio. Yefei Lu, an experienced investor, starts with Buffett's interest in the Sanborn Map Company in 1958 and tracks nineteen more of his major investments in companies like See's Candies, the Washington Post, GEICO, Coca-Cola, US Air, Wells Fargo, and IBM. Accessing partnership letters, company documents, annual reports, third-party references, and other original sources, Lu pinpoints what is unique about Buffett's timing, instinct, use of outside knowledge, and postinvestment actions, and he identifies what could work well for all investors in companies big and small, domestic and global. His substantial chronology accounts for broader world events and fluctuations in the U.S. stock market, suggesting Buffett's most important trait may be the breadth of his expertise.

Warren Buffett Robert G. Hagstrom 2021-02-23 In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Think, Act, and Invest Like Warren Buffett: The Winning Strategy to Help You Achieve Your Financial and Life Goals Larry Swedroe 2014-03-07 Bedrock investing principles for profiting in today's shaky markets If you wanted to create the next earth-shattering consumer product, Steve Jobs would be an ideal role model to follow. If you planned to become a great golfer, you might look to Arnold Palmer or Jack Nicklaus. So, if your goals were to outperform other investors and achieve your life's financial goals, what should you do? Think, act and invest like the best investor out there: Warren Buffett. While you can't invest exactly like he does, Think, Act, and Invest Like Warren Buffett provides a solid, sensible investing approach based on Buffett's advice regarding investment strategies. When it comes to investing, Director of Research for the BAM Alliance and CBS News blogger Larry Swedroe has pretty much seen it all—and he's come to the conclusion that simple is better, that adopting basic investing principles always increases an investor's chance of success and that Buffett is the perfect model for such investing. In Think, Act, and Invest Like Warren Buffett, Swedroe provides the foundational knowledge you need to: Develop a financial plan to help you make rational decisions on a consistent basis Determine the level of risk that's right for you and allocate your assets accordingly Create a strong portfolio that will weather any economic storm Manage your portfolio—rebalance periodically to maintain proper risk levels The beauty of the Buffett approach is its profound simplicity: follow the basics, keep your cool, and have a sense of humor. The market volatility of recent years has ushered in armies of economists, forecasters and other so-called experts whose job it is to explain how everything works. Somehow, they have managed to muddy the waters even more. The truth is, investing is easier than you think—even in today's economy. "Complex problems can have simple solutions," Swedroe writes. Think, Act, and Invest Like Warren Buffett helps you go back to the basics—so you can leap in front of the investing pack. Praise for Think, Act, and Invest Like Warren Buffett: "You could not spend a more profitable hour than reading Larry Swedroe's wise and lucid investment guide." —Burton Malkiel, author, A Random Walk Down Wall Street "If you've been wondering why you've had such a hard time investing well, Playing the Winner's Game will diagnose your ills and treat them in just ninety short, delightful pages." —William Bernstein, author, A Splendid Exchange and The Investor's Manifesto "Follow the investment strategy advocated by Larry Swedroe, and free yourself to spend your time on life's treasures—like your family and friends!" —William Reichenstein, professor, Baylor University "As someone who teaches a college investments course, I would not have thought it possible to do what Swedroe has done in such a short concise book." —Edward R. Wolfe, professor of finance, Western Kentucky University "It's amazing. Larry Swedroe managed to pen a magnificent book not only chock full of actionable advice, but one that's fun to read. Get a copy and treat yourself to a better financial future." —Harold Evensky, president, Evensky & Katz "Larry Swedroe is the undisputed expert in helping investors manage portfolios the smart way. His new book, Playing the Winner's Game, combines all facets of wealth management in an inspiring and powerful manner." —Bill Schultheis, author, The New Coffeehouse Investor

The Warren Buffett Stock Portfolio Mary Buffett 2011-12-08 Warren Buffett's Stock Portfoliois the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in Buffettologyand Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

The Warren Buffett Way Robert G. Hagstrom 2013-09-13 Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than prices on a stock screen. The first two editions of The Warren Buffett Way gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor – just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

Benjamin Graham's Net-Net Stock Strategy Evan Bleker 2020-07-14 IN 1975, legendary value investor Benjamin Graham wrote that his net-net stock strategy worked so well that he had renounced all other value investing strategies. In his 2014 shareholder letter, Warren Buffett wrote that he earned the highest returns of his career employing this 'cigar butt' approach to investing. And despite the widespread assumption that net-net stocks are a relic of the past, Graham's net-net stock strategy is just as viable today for small private investors as it was for Buffett's 'superinvestors' during their early careers. Net-net investing remains the most powerful value investing approach a small investor can adopt. This book is your ultimate practical guide to implementing it – and reaping the rewards – in today's markets. Evan Bleker has spent ten years studying Graham's strategy to uncover its real-world performance, how to employ it, and why it works. He's also dug deeply to identify additional criteria to boost returns and ensure a greater number of winners. In this book, Evan defines the strategy for

investors, then walks readers through the strategy's philosophy, as well as academic and industry studies assessing the framework, and its implementation by world-class value investors such as Benjamin Graham, Warren Buffett, and Peter Cundill. He also compiles selection criteria into a practical checklist for investors, and documents how the strategy works in today's markets with exclusive detailed case studies.

Warren Buffett Book of Investing Wisdom Robert L. Bloch 2021-06-01 Compiled by the son of the cofounder of H&R Block, a collection of business quotes and advice from the most successful investor of the twentieth century, Warren Buffett. Warren Buffett, chairman and CEO of Berkshire Hathaway, is widely considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proved himself to be an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the tenth-largest public company in the world, valued at more than \$600 billion. Buffett is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money and their investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. The Warren Buffett Book of Investing Wisdom contains 350 quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

The Warren Buffett Philosophy of Investment: How a Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success Elena Chirkova 2015-04-10 Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia.

The Warren Buffett Portfolio Robert G. Hagstrom 2000-11-20 The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

Investing Robert Hagstrom 2013-01-08 In this updated second edition, well-known investment author Hagstrom explores basic and fundamental investing concepts in a range of fields outside of economics, including physics, biology, sociology, psychology, philosophy, and literature.

10 Golden Principles of Warren Buffett Warren Buffett 2021-01-01 It takes 20 years to build a reputation and five minutes to ruin it. If you think about that, you'll do things differently. Losers leave the field after failing. Winners keep failing until they achieve success. Warren Buffet keeps looking for persons who are self motivated. He says, "Even if I don't get any money, I and Charlie would be quite happy with our wonderful job".

Money Making Skills by Warren Buffet Warren Buffett 2021-01-01 To keep his best talents motivated, he follows some basic rules. Top managers are free to take all business decisions. He has liberal incentive schemes to reward those who perform well. Whereas many of the companies provide incentives to their employees based on overall performance of the company, Warren Buffet prefers incentives to be directly linked to the business or section that is separately operated by a manager. He keeps these incentives based on return on invested capital, that is his primary yardstick, instead of increase in sales or growth in profits.

Warren Buffett Robert G. Hagstrom 2021-03-09 In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. The Essential Buffett Robert G. Hagstrom 2002-08-19 Applying Buffett's principles to technology and international investing From the bestselling author of The Warren Buffett Way and The Warren Buffett Portfolio comes The Essential Buffett: Timeless Principles for the New Economy. In this fresh take on Buffett's irrefutable investment methods, Robert Hagstrom shows readers how to apply Buffett's principles to technology and international investing using real-life case studies of successful fund managers like Legg Mason's Bill Miller. Following the Buffett model, Hagstrom explains Buffett's four timeless principles: 1) analyze a stock as a business; 2) demand a margin of safety for each purchase; 3) manage a focus portfolio; 4) protect yourself from the speculative and emotional forces of the market. Then Hagstrom shows how Buffett's thinking can be applied in the new economy, addressing technology investing, international investing, small cap stocks, and socially responsible investing. Perhaps most valuable are Hagstrom's insights into the psychology behind Buffett's focus investing. For the first time, we are given sure-fire guidelines on how to become a winning Buffett disciple. The Essential Buffett will include convenient sidebars featuring key Buffett ideas, enabling readers to quickly compare Buffett's fundamental tenets.

Talent Is Never Enough John C. Maxwell 2007-04-01 New York Times best-selling author Dr. John C. Maxwell has a message for you, and for today's corporate culture fixated on talent above all else: TALENT IS NEVER ENOUGH. People everywhere are proving him right. Read the headlines, watch the highlights, or just step out your front door: Some talented people reach their full potential, while others self-destruct or remain trapped in mediocrity. What makes the difference? Maxwell, the go-to guru for business professionals across the globe, insists that the choices people make-not merely the skills they inherit-propel them onto greatness. Among other truths, successful people know that: Belief lifts your talent. Initiative activates your talent. Focus directs your talent. Preparation positions your talent. Practice sharpens your talent. Perseverance sustains your talent. Character protects your talent. . . . and more!! It's what you add to your talent that makes the greatest difference. With authentic examples and time-tested wisdom, Maxwell shares thirteen attributes you need to maximize your potential and live the life of your dreams. You can have talent alone and fall short of your potential. Or you can have talent plus, and really stand out.
